BEST OF SHOW

National Award Winner
BEST WEBSITE – 2008

www.BowesRE.com

BOWES GMAC was named the "Best of Show" winner out of the entire GMAC franchise for their new website, www.BowesRE.com launched in September 2007. When asked what differentiated their site, Bob Bowes responded,

"unlike other real estate sites, we know that our site is being used by our current and past customers on a daily basis

to not only search for property, but look up community information, peruse current real estate news articles, locate a Bus stop, check a School lunch menu, even see what is playing at the local theater." Bowes has built a first-rate real estate website, which (1) incorporates a state-of-the-art property search with advanced mapping technology, (2) is used as a resource by both buyers and sellers, for a multitude of information even after their real estate transaction, while (3) maintaining their user-friendly, neighborhood look and feel. Congratulations BOWES!
